

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Curtis Fuller v Glenda Gordon**
Docket No. **282259**
L.C. No. **06-044065-NM**

Christopher M. Murray, Chief Judge Pro Tem, acting under MCR 7.201(B)(3) and 7.216(A)(10), orders:

The application for leave to appeal is DISMISSED for failure to pursue the case in conformity with the rules. MCR 7.201(B)(3) and 7.216(A)(10). The Clerk of this Court provided notice regarding the nature of the defects in this filing, and the defects were not corrected in a timely manner by providing this Court with five copies of an application conforming to MCR 7.212(C), five copies of the judgment or order appealed from, five copies of the lower court register of actions, or proof of service on opposing counsel. Further, appellant's response to the notice from the Clerk of this Court does not reflect a reasonable attempt to provide the requested items. Dismissal is without prejudice to whatever other relief may be available consistent with the Court Rules.

Appellant's "Motion to Altering Method of Five Copies of Docket Entries" [sic] and "Motion for Application for Leave to Appeal" [sic] are DENIED as moot.
